

2339 children are now registered in the electronic system for admittance in mangers and kindergartens in Burgas

Thursday, 1 April 2021

At exactly 8 o'clock today the admittance in mangers, kindergartens and half-day preparatory groups in the schools begins. At the moment /10.30 o'clock/ the registered children in the electronic system for admittance are 2339 in total.

In just 2 minutes, from 08.00 to 08.02 o'clock, 750 children were registered and for the next 8 minutes since the beginning of the admittance 1780 parents had already registered their children.

The parents need not worry for their kids being admitted in a manger or kindergarten in their region because there are sufficient spaces. In total, the spaces for mangers and kindergartens in the city are 2460 and in the territory of Burgas municipality - 2981.
