

## **If you recognize this "gangster", call 112 (video)**

Tuesday, 30 March 2021

At 23:55, last night, the guy from the recording tried to damage a pole with a video camera installed on it. It is located near the "San Stefano" bus stop, which was before the intersection with the "Hristo Botev" boulevard, in the direction of the central bus stop. If you recognize this criminal by the particular "neighbourhood gangster" type of walk, call 112 so he can pay for what he did.
