

Avant-garde collection of established Burgas artists breathed life into the art halls of the new library

Friday, 2 April 2021

Highly influential, personal, unusual and provocative, the exhibition "Archives" addresses important questions and messages to art connoisseurs. The exposition presents contemporary forms and creative searches of six Burgas authors, who master the unconventional ideas in art to perfection. These are Ivo Bistrichki, Darina Peeva, Stoyko Daskalov, Dora Slavova, Venko Shurelov and Simeon Shivachev.
