The premiere of the film "Illumination", which is dedicated to the poet Hristo Fotev, passed with great interest in the Conference Hall of the Regional Library "Peyo K. Yavorov". The audience had the opportunity to hear the poet's voice and his thoughts. "The film is not a documentary about Fotev's life," said Hristo Dimitrov, the film's cinematographer and co-writer. The other author is the director Hristo Simeonov. You will hear his voice in the emotional utterance of verses by Hristo Fotev. Four poems underlie the film.
