

"BulevArt" is preparing a surprise for the citizens of Burgas on February 14

Wednesday, 10 February 2021

"BulevArt - Network of Senses" will create a magical space on Troikata Square on February 14, where everyone

in love, loved, or loving will be able to take a Valentine's Day card, take a picture with a loved one and send their message. An arch in the shape of a heart of red balloons and the wall of love will be a perfect place for a first kiss, an explanation in love, and why not a marriage proposal. Follow the #love on BulevArt initiative.
