

BURGAS UNITES IN SUPPORT OF 12-YEAR-OLD ELZA KEVORK DADURYAN

Tuesday, 3 December 2024

Donation boxes will be placed starting tomorrow (December 4th) at major public locations – the "Flora" Exhibition Center, the Contemporary Art and Library Center, the NHK Cultural Center, and the Burgas Municipality building. Additionally, donation boxes will be available on-site during the large outdoor market at "Troika" Square, where locals and visitors traditionally gather.

12-year-old Elsa Kevork Daduryan has been diagnosed with chronic kidney failure – the final stage, with accompanying complications. The girl is an excellent student in 6th grade at the "Vasil Aprilov" primary school in Burgas.

Due to her serious illness, Elsa is increasingly unable to attend school and urgently needs a transplant abroad.

Two months ago, her condition worsened drastically, and doctors are certain that the disease has reached its final stage with associated complications. Currently, the charming child is undergoing hemodialysis, but her family has launched an official fundraising campaign to assist Elsa.

One of the events will be held on December 5th at 12:00 PM at the "Vasil Aprilov" school, where a charity market will be organized to support Elsa.

For the upcoming surgery, one of Elsa's parents will be the donor for the child. The family is prepared for this, but unfortunately, they do not have the substantial amount needed for the transplant.

Elsa's family will be grateful for any contribution to help with the life-saving procedure. Anyone who can help is encouraged to respond:

Investbank, IBAN: BG91IORT73781008904500 Account holder: Alice Varteres Daduryan (Elsa's mother)
