

## **Burgas youth get acquainted with the activities of the future International Youth Center**

Wednesday, 21 April 2021

Burgas youth got acquainted with the goals and future activities of the modern International Youth Center, which will be built opposite the school "Petko Rosen" in zh.k. "Meden rudnik". It will have different areas and rooms, including a playground, smart offices, workshops with different areas - art, science and entrepreneurship, recreation areas, bed linen, and a cafe. The information meeting was held at the newly opened Center for Contemporary Art and Library. The team of the Prevention and Youth Policies Department of the Municipality of Burgas and the team of the project "Establishment of the Youth International Center - Burgas" provided details about the various opportunities for inclusion, through ideas and initiatives, to representatives of student councils of Burgas schools and student ombudsmen.
