

Talented children and the actor Tony Minasyan planted the first “Pines of talent” today

Tuesday, 9 March 2021

A few talented children from Burgas and the actor Tony Minasyan planted 6 coniferous trees at the “Mineralni bani” park. This makes Burgas is the second city, apart from Sofia, to become a part of the charity, social and environmental initiative “Pines of talent”, which is organized by the idea of Desi Tenekedzhieva and the “Stoyan Kambarev” Foundation. The motto of the initiative is "Give a pine, support the talent, Decorate Burgas, give life to a new coniferous forest".
