

EVN BULGARIA AND BSPB START IN BURGAS PROJECT FOR INSERTING ELECTRIC LINES UNDERGROUND AND BIRD PROTECTION

Tuesday, 5 October 2021

Today, experts from EVN and the Bulgarian Society for the Protection of Birds presented to the team of the Municipality of Burgas their project for the introduction of over 50 kilometers of power lines underground and protection of birds. For its implementation, they won 5.5m euros under the European Union's LIFE program.
