The "Ambassador of Kindness" award was presented today by the “Evelin Dukov” Foundation to the Mayor of Burgas Dimitar Nikolov. The award is for a series of initiatives of the Municipality in support of road safety. "Safety is a public cause," Nikolov stressed. And he committed the local government to initiating a broad debate on the issue, focusing on the need for responsible behavior on the road. The idea is for the institutions, for which ensuring security is a priority, to be supported in their mission by the citizens as well.
