Ivelina Ivanova presents her exhibition “Spaces and Horizons” in the “Fellowship of the Artists” Gallery

Thursday, 22 April 2021

The young artist Ivelina Ivanova will be visiting with a painting exhibition in Burgas. The exposition will be presented in the “Fellowship of the Artists” Gallery Burgas. The opening is tomorrow at 18:30.

“Spaces and Horizons” is the first standalone exhibition of Ivelina Ivanova in Bulgaria, which presents artworks of the period 2017-2021.

“I am trying to show for how little time a man (the artist) can change, to grow, to lose himself, to search and find in a hectic world of multiple horizons, creating his own personal, extensive and narrow spaces from an expressive coloring and little calm which occurs after the long uproar of the hectic everyday life in the search of the chimera of a subconscious consensus,” shares the artist.
