

100+100 parking lots are built on block 39-40 in living estate “Izgrev”

Tuesday, 2 February 2021

Last year municipality Burgas built a parking lot for approximately 100 vehicles on block 39-40 in living estate “Izgrev”. Consequently, the residents of this area took advantage of the “My city, my estate, my street” program’s possibilities and asked to be built more parking lost in the remaining area.

The purpose of the program “My city, my estate, my street” is to turn the living states into a more attractive, more sociable, and safer one, for more information on the initiative, you can check this website - <https://www.burgas.bg/bg/info/index/1517>
