

They are building a parking lot with 75 places next to bl. 93 in "Izgrev"

Monday, 22 March 2021

The Municipality of Burgas is building a parking lot with 75 spaces near bl. 93 in the residential complex "Izgrev". The terrain has such an allotment and until now it was used for the same purpose, but disorganized and was covered only with loose gravel. With the asphaltting, fencing with sidewalks and curbs, with the installation of good lighting, the parking lot will become much more convenient and will take more cars.
