THE EXHIBITION "THE HOLY PLACES OF ANCIENT INDIA THROUGH THE EYES OF AN ADVENTURER" AWAITS YOU AT THE SEA CASINO

Thursday, 18 November 2021

Architect Vesselin Vesselinov has been studying the cultural and spiritual life of India for years. On his last trip there, the young Bulgarian finds himself in a village where children are studying on the roof of a barn. To help them, Vesselin organized his exhibition for charity. Anyone who wants to join the initiative can buy one of his photographs.

On November 24 (Wednesday) from 18:00 the author of the exhibition will make a free presentation in the hall "Georgi Baev" at the "Sea Casino" and will tell about interesting events from his travels.
