The mayor proposes to postpone the planned major sporting events in Burgas this week

Tuesday, 23 March 2021

The mayor of Burgas believes that the accumulation of so many participants of sports events, held without an audience, is risky for the health of them and their loved ones. That is why he suggested to the RHI the events to be postponed. After receiving a request from the medical institutions in Burgas, Dimitar Nikolov also made a request to the Ministry of Health today for additional amount of remdesivir to be delivered to them, as well as for more vaccines. Currently, medical facilities in the district city are coping with the growing pressure from patients, making coordination and further disclosure of bedding in the coming days.
