"Lora Yaneva - Life in Art". Burgas will honour the sunny artist with a retrospective exhibition on May 15th

Tuesday, 4 May 2021

"Laura Yaneva - Life in Art" is an exhibition, organized in memory of the artist Lora Yaneva, who left this world prematurely and whose tragic fate excited the creative class not only in Burgas. The exhibition is organized by the idea of Lora's favourite person - Miroslav Kaudov and is supported by the Municipality of Burgas. The exhibition will be waiting for all art lovers from May 15th in the hall " Al. G. Kodzhakafaliyata" of the Sea Casino Cultural centre, which will select paintings from different periods of Lora's inspiration - from her early school drawings, paintings from her student years when she graduated "Graphics" at the University of Veliko Turnovo, from the time when she established herself and developed as an artist, to the last painting - of the Burgas bridge, which remains unfinished.
