

## **The children from kindergarden “Kalinka” create in new ateliers- “Pustra Trapeza” and “Sport za malki i golemi”**

Monday, 1 February 2021

Kindergarden “Kalinka” in Rudnik is carrying out activities of interest in three ateliers: “Pustra trapeza(colorful table)”, “Sport za malki i golemi(sport for big and small)”, and “Rabotilnichka na tolerantnostta(workshop of tolerance)”. An open study room “V sveta na prirodata(In Nature’s world)” has been equipped, in which the learning difficulties of children are compensated. The kindergarden is a beneficiary of the project "Together for the educational integration of children in vulnerable situations" from October 2020 and implements the activities with the financial support of the Center for Educational Integration of Children and Students from Ethnic Minorities. Activities will continue through the Summer while the project will end in the end of August, the activities will continue due to the children’s interest of earning new skills and knowledge.
