## **A FREE FINANCIAL LITERACY COURSE STARTED ON OCTOBER 18**

Monday, 11 October 2021

The team of the educational organization “Finance Academy” announced that they are launching the second edition of the program “Investment and Personal Finance”, which aims to increase financial literacy in Bulgaria.

The program starts on October 18 with a free course on Fundamentals of Investment and is open to every Bulgarian citizen who wants to learn how to manage their money wisely and improve their quality of life.

The trainings will provide practical knowledge and skills on financial management, creation and management of investment strategies and building long-term wealth. The program explains economic principles in an accessible language and meets future educational needs.
