

More than 300 works took part in the competition „Water - source of life“

Tuesday, 16 March 2021

We received more than 300 drawings and 50 applied works from the participants of the Center for Personal Development Support for the contest "Water - the source of life", dedicated to the International Water Day - March the 22nd. The organizers of the contest MES, NCC, RME-Burgas, RIOEW-Burgas and the Center for Personal Development Support notify all those who are awarded awards that they will receive them by courier due to the pandemic measures in the country.
