

The Municipality of Burgas equips the boat dock in Kraimorie with special facilities for vessels

Wednesday, 24 February 2021

The Municipality of Burgas continues to work to provide better conditions for the development of fisheries in the region. Following an approved project under the Maritime Affairs and Fisheries Program 2014-2020, the necessary facilities for the boat dock in Kraimorie will be provided, which will improve the safety and working conditions of local fishermen. The implementation of the project is part of the development strategy of FLAG "Burgas - Kameno".
