

MUNICIPAL HEALTH CENTERS OPEN K-19 FREE TESTING POINTS

Thursday, 18 February 2021

The municipal medical establishments in Burgas have opened points for testing and diagnostics of persons for COVID - 19. The tests are not paid and are performed with rapid antigen tests, detecting the SARS-CoV-2 virus, which causes the disease. Every citizen with concerns of an ongoing COVID-19 infection can get tested one of the four already working municipal testing points for free testing of coronavirus.
