

The original portrait of Geogri Rakovski from 1864 will be in

the historical museum of Burgas

Tuesday, 13 April 2021

The reason is the 200th anniversary of the birth of the revolutionary. The canvas measuring 68x51 cm is part of the main exhibition of the Art Gallery in Kazanlak. The remarkable portrait of Rakovski is worth seeing, as it is not reproduced either in textbooks or hangs on the walls in state institutions.
