

## **The best young computer scientists of Burgas were awarded**

Thursday, 8 April 2021

The most outstanding students in the field of informatics were awarded at the VI Regional Olympiad in Informatics. Despite the complicated health situation and the ongoing online training, there were many people willing to participate in the "technological" challenge. Students aged 10 to 18 from over 10 schools in Burgas and the region competed with great dignity in this difficult battle.

First place in the first age group (4th - 6th grade) was won by Alexander Angelov, 6th grade from PPMG "Acad. N. Obreshkov ", the second place was won by Alexander Mutafchiev, 4th grade from P. K. Yavorov ", and the organizers awarded three third places to Maria Tokareva, 5th grade from " A. Georgiev - Kodzhakafaliyata "; Victoria Bumbarova, 5th grade from PPMG "Acad. N. Obreshkov "and Angel Kostadinov, 4th grade, Secondary School " Dimcho Debelyanov ".

In the second age group (7-9 grade) Georgi Grozdev, 8th grade from PPMG "Acad. N. Obreshkov ", the second place was won by Kaloyan Stoyanov, 8th grade from PGEE " K. Fotinov ", and the third places were won by Bozhidar Sotirov, 8th grade from PPMG " Acad. N. Obreshkov ", Yordan Todorov, 7th grade from PPMG " Acad. N. Obreshkov " and Stoyan Kolev, 9th grade from PGEE " K. Fotinov ".

In the third age group (grades 10-12) the first place is for Kristian Popov, 11th grade from PGSAG "K. Ficheto ", Alexander Kostadinov, 10th grade from PPMG " Acad. N. Obreshkov ", and the third was won by Velina Yordanova, 10th grade from PPMG " Acad. N. Obreshkov ".
