It's our honor and pleasure for us to mention FSB and Burgas Jam in the same sentence. The occasion is the confirmed participation of the legendary rock band in this year's third edition of the festival. Dedicated fans remember that the last time FSB performed live in Burgas was in 2000 in Sports Hall "Mladost". Let's all show them our admiration and we hope they hear we still remember their incredible songs. The band will pay off their gratitude with their best songs and you can be sure of it.

FSB will perform in Burgas their unique show "40 Years of FSB".

Rumen Boyadziev, Konstantin Tsekov and Ivan Lechev will "draw" the image of time with their music - modern, significant, filled with the position of three Bulgarian men, who genuinely wish for everyone to be "high, high, high". Along with them we will see five young musicians on the stage, under the spell of FSB. They are Nikolay Koprinkov - guitar, Ivaylo Zvezdomirov - bass guitar, Rumen Boyadziev Jr. and Stefan Tsekov - drums, Borislav Boyadziev - percussions.

The Municipality of Burgas and their partners in organizing Burgas Jam decided not to change last year's prices. So starting from this afternoon you can search for and buy your promo tickets with a price of 14 leva from "Eventim" and "Grabo" networks. Regular tickets will cost 18 leva. Look forward to hearing more news for the rest of the participants in Burgas Jam 2019 who will share the stage with FSB.
