

## **Teachers of the "Zvezditsa Zornitsa" kindergarten were trained according to the new municipal program of local knowledge**

Tuesday, 22 June 2021

Pedagogical specialists in the "Zvezditsa Zornitsa" kindergarten were trained under the new municipal program of regional studies - "My city of Burgas". The training was conducted by Associate Professor Dr. Zahari Dechev, who presented the curriculum with its objectives, scope and structure of the training content, key competencies and expected learning outcomes for preschool children. The program is fully adapted to pedagogical interaction from any stage of local history education and will provide an opportunity to conduct a variety of situations and extracurricular educational activities with children in kindergarten.
