PHRL "G. S. Rakovski "was awarded for the second time with the eTwinning School award

Friday, 26 March 2021

For the second year in a row, the Burgas Profiled High School for Romance Languages "Georgi S. Rakovski" was awarded the eTwinning School. The award is given by the eTwinning community to the European Commission and is a proof of active virtual and real activity in the field of European projects and cooperation.

eTwinning is a community of schools in Europe. It offers a platform for educators who work in a school or kindergarten in one of the European countries and have joined to collaborate, to develop joint projects. Since the beginning of 2014, eTwinning has been part of the new European program for education, training, youth and sport, Erasmus +.
