Support the young people of Burgas in the initiative of the Ministry of Youth and Sports: "Volunteer-mission (Im) possible". On the eve of December 5 - International Volunteer Day, the Ministry of Youth and Sports will honor the most prominent active young people, enriched last year with quality initiatives and positive examples. Representatives of the Burgas youth society were deservedly nominated for their active work and successful missions.

You can support the initiative of our Good Creators "Inspire Health", the eco-weekend "First Steps" of Burgas students Katina Staleva and Rusana Toncheva and the leader of the Burgas volunteer team - Gabriela Slavova, by voting for them at the following link - <https://docs.google.com/forms/d/e/1FAIpQLSdvPuPyBKdHeINT1iochaSfaSznXoqQkvf96xuMn82VMGvCKw/viewform>

"Why is it important to support Burgas volunteers?" Because in 2021, thanks to them, more than 40 initiatives were implemented in Burgas to improve the city and help its residents, and the list continues to grow, thanks to their youthful enthusiasm and efforts.
