### **STUDENTS FROM THE NHA WILL SHOW "THE SPIRIT OF BURGAS" IN AN EXHIBITION ON DECEMBER 5TH**

Tuesday, 3 December 2024

On December 5, at 5:30 PM, the fourth edition of the exhibition "The Spirit of Burgas" will open at the Contemporary Art Center and Library. This event is dedicated to the talent and creativity of students from the National Academy of Art and its branch in the seaside city.

The exhibition presents a variety of works, including painting, graphic art, drawing, photography, and collage. The young artists offer a modern perspective on the city, while simultaneously honoring its traditions.

The initiative aims to stimulate the creative expression of students and strengthen the connection between the academic community and the cultural scene of the city.

For the first time, the exhibition will feature a joint installation created by students, pupils, and teachers who participated in the Young Artists Festival "Deep Blue Sea".

The initiative is organized with the support of Burgas Municipality.
