

## **World leader in virtual reality “EON Reality” and university “Prof. Dr. Asen Zlatarov” introduce the first XR laboratory in Bulgaria**

Friday, 2 April 2021

The American corporation EON Reality - a world leader in the field of academic and industrial solutions using augmented and virtual reality, and the University "Prof. Dr. Asen Zlatarov" are implementing a state-of-the-art EON-XR training and education center, which will be located on the university campus in Burgas. The initiative to create the innovative XR laboratory is implemented with the support of the Municipality of Burgas and the Ministry of Education and Science.
