

We are searching for visual materials and stories from the past on the occasion of the 50th anniversary of PPMG “Nikola Obreshkov”

Monday, 8 February 2021

The High School of Mathematics celebrates half a century since its founding. This gave the school the idea that they should create an initiative, and the goal is to create an archive of exciting memories from the past decades. You can send your materials to the following email: atelier@abv.bg The photos you send must have a short description, saying the year, class and event.
