

A children's playground will be found with an outdoor fitness according to the program "My city, My district, My street"

Tuesday, 23 March 2021

The implementation of the next project under the new municipal program "My city, My district, My street" has started. The area is located between the "Makedonia" and "San Stefano" streets. Citizens requested a playground, outdoor fitness, an updated alley network, and additional greenery to be done, while maintaining the existing one.
