

## **Students from the Burgas Maritime School will be educated in the base of the South Bulgarian Maritime Education Center**

Thursday, 18 March 2021

Students of the Maritime School in Burgas will also study in the South Bulgarian Maritime Education Center. There the highschool students will be trained in the discipline “Basic Safety Training” that includes the courses “Personal safety and social responsibilities”, “Fire safety and firefighting”, “Marine survival techniques” and “Basic first aid”, according to Ordinance N6 of the Executive Agency “Sea Administration”.

The agreement for the students’ training was signed by the principal of the Vocational school in Sea Shipping and Fishing “Saint Nikola”, engineer Hristina Zhabova and c.l.v. Georgi Sabev, administrator of the South Bulgarian Maritime Education Center.
