

## **AT THE BEGINNING OF MAY BURGAS WILL AGAIN BE THE CAPITAL OF FLOWERS, PARTICIPATE IN THE EXHIBITION "FLORA 2021"!**

Friday, 5 March 2021

This year the National Flower Exhibition "Flora Burgas" - one of the emblems of the city - will be held from April 29 to May 9. We all hope that by then the number of people infected with K-19 will have greatly decreased, and the number of vaccinated will have progressively increased. However, in accordance with all anti-epidemic measures, the Municipality decided to host the event mainly in the outdoor areas near the Flora Expo Center in the Sea Garden.

And the challenge for florists, flower growers and importers, landscape architects and other professionals in the field of color art will be to demonstrate even more and more interesting exterior solutions. The accent in the exhibition areas will be potted plants and outdoor flower installations.
