

## **On Saturday we celebrate “Mesopustna zadushnitsa”**

Friday, 25 February 2022

On Saturday we celebrate “Mesopustna zadushnitsa” and traditionally pay homage to the deceased loved ones. This is one of the days when many people flock to the cemetery park to light a candle and leave flowers. For the unimpeded organization of the flow of people and cars, as well as protection of visitors from begging Roma groups, an organization was established by the OD of the Burgas Ministry of Interior, UKORS Directorate of Burgas Municipality and the security company of the cemetery park. Visitors to the cemetery park are asked to observe the anti-epidemic safety measures.
