

THE HOUSEHOLDS THAT WILL RECEIVE NEW HEATING APPLIANCES IN "DOLNO EZEROVO" AND "MEDEN RUDNIK" HAVE BEEN SELECTED

Tuesday, 20 July 2021

Burgas Municipality has published the ranking of the approved households that will replace their old stoves with new appliances on ecological fuel on its website. Their replacement is carried out within the project "Reduction of air pollution with fine dust particles in Dolno Ezerovo, Burgas", funded by the Operational Program "Environment" 2014-2020, through the Cohesion Fund of the European Union.
