

## **Waste was dumped on sidewalk in Slaveikov, Burgas municipality calls for environmental protection**

Wednesday, 13 October 2021

A sidewalk in the Slaveykov complex, near the “Park Arena OZK” swimming complex, was littered with waste, which forced the Municipality of Burgas and the garbage company “Nelsen Chistota” EOOD to take measures to clear the area.

In order for an act to be drawn up and a fine to be imposed, violators must be identified. The sanction for such violation of the ordinance for environmental protection is up to BGN 5,000.
